

## NEWS FLASH!!!

**May 01, 2011**

CFS recently celebrated its 10 year anniversary. The event was held at historical Port Royal Jamaica. It was a clear night with a cool breeze. Over 100 guests came to celebrate the successful history of CFS as the largest independent feeder in the region. Guests were greeted by the friendly faces of cadets from the Caribbean Maritime Institute and the rhythmic sounds of the Panoridim Steel Orchestra. Opening remarks and thank you were given by CFS founders, Frank Wellnitz and Peter Harren; and then a delectable dinner followed. Supper entertainment was provided by the University Singers. The delightful evening was enjoyed by all and with the continued support of Global lines, CFS will see another successful 10 years.

Presently CFS operates 12 vessels, 9 of which are Jamaican flagged, and carries over 250,000 TEU per annum within the Caribbean and rim countries.
